

Epson TM-T20 Series

DATASHEET / BROCHURE

Dependable, low maintenance thermal receipt printer, that makes economical sense for your business.

With this economical, easy-to-use, thermal receipt printer, you can get set-up with minimum fuss, as everything you need is in the box. And Energy Star Certification means a reduced Co2 footprint, so this is a greener choice.

Simple to set up and simple to maintain, the affordable TM-T20 supports all current operating systems. And with an in-built AC adaptor, AC cable, interface cable and wall hanging bracket included, it is the complete POS solution, straight out of the box.

This is an ideal combination of high quality and reliability at an affordable price, so will fit perfectly into any retail environment.

This dependable device prints at a speed of 150mm per second, which means you get the printing done quickly without any fuss or delay.

This product meets the strict ENERGY STAR® guidelines and Epson is a global manufacturer committed to protecting the environment for future generations by offering a range of ENERGY STAR® products. This is achieved by significantly reducing electricity usage, which saves energy, money and the environment, without compromising quality.

KEY FEATURES
